## PROJECTS

---

**Portfolio Website** | [HTML](#) / [SCSS](#) / [JavaScript](#)

<https://furrukhtanveer.tech>

- Personal portfolio website designed by scratch using HTML, CSS, Sass, and JavaScript.
- Showcases biography, projects, and other content using Sass and JavaScript features.
- The website uses a custom domain and is hosted on GitHub Pages using the domain's DNS service.

**Banking Application** | [HTML](#) / [CSS](#) / [JavaScript](#)

<https://github.com/furrukht10/Banking-App>

- A static web banking application designed using HTML and CSS which operates through vanilla JavaScript.
- Enables users to deposit and request money between a series of pre-existing accounts.
- Utilizes JavaScript DOM manipulation to output user data, functions to manipulate and fetch data, and arrays to store and mutate data using (map, filter, reduce).

**Workout Logger** | [HTML](#) / [CSS](#) / [JavaScript](#)

<https://github.com/furrukht10/Workout-Logger>

- Enables users to log different workouts on a map of their current location.
- Fetches data using the Geolocation API and the leaflet library to pinpoint your location on a map and stores data with the localStorage API.
- Utilizes object-oriented programming and concepts such as classes, objects, inheritance, encapsulation, arrays, and functions to handle different user options.

## EXPERIENCE

---

**Toronto Transit Commission (TTC)** | [Youth Ambassador](#)

**Toronto, ON** | June 2021- Aug 2021

- Communicated with individuals, particularly youth, in racially diverse communities, to gather feedback on the Line 5 Eglinton Project and the general transit system.
- Implemented virtual and physical engagement tactics to get 302 survey responses from a range of demographics.
- Documented findings and presented them to the Youth Ambassador team alongside the TTC Annual Service planners.

**Builder Lynx** | [Computer Programmer Trainee \(Co-op\)](#)

**Toronto, ON** | Sept 2018 - June 2019

- Operated on the company's cloud-based system to perform multiple tasks involving data loading and configuration to keep client information up-to-date and accurate.
- Communicated with clients through email regarding errors or empty fields encountered while uploading bulks of data to correct any inaccurate information provided and keep clients engaged.
- Reviewed large portions of data through multiple checks to ensure the client's data was uploaded correctly.

**Islamic Society of Canada** | [Program Assistant](#)

**Toronto, ON** | 2013 - Present

- Setting up and organizing bi-weekly events for 50 attendees to partake in religious practices.
- Ensuring the event area is clean and presentable for attendees to maintain professionalism.
- Packaging materials and food with a team to be distributed after the event to all attendees.
