PROJECTS

Portfolio Website | HTML / SCSS / JavaScript   https://furrukhtanveer.tech
➜ Personal portfolio website designed by scratch using HTML, CSS, Sass, and JavaScript.
➜ Showcases biography, projects, and other content using Sass and JavaScript features.
➜ The website uses a custom domain and is hosted on GitHub Pages using the domain's DNS service.

Banking Application | HTML / CSS / JavaScript   https://github.com/furrukht10/Banking-App
➜ A static web banking application designed using HTML and CSS which operates through vanilla JavaScript.
➜ Enables users to deposit and request money between a series of pre-existing accounts.
➜ Utilizes JavaScript DOM manipulation to output user data, functions to manipulate and fetch data, and arrays to store and mutate data using (map, filter, reduce).

Workout Logger | HTML / CSS / JavaScript   https://github.com/furrukht10/Workout-Logger
➜ Enables users to log different workouts on a map of their current location.
➜ Fetches data using the Geolocation API and the leaflet library to pinpoint your location on a map and stores data with the localStorage API.
➜ Utilizes object-oriented programming and concepts such as classes, objects, inheritance, encapsulation, arrays, and functions to handle different user options.

EXPERIENCE

Toronto Transit Commission (TTC) | Youth Ambassador   *Toronto, ON* | June 2021- Aug 2021
➜ Reached out to individuals, particularly youth, in racially diverse communities to gather feedback on the Line 5 Eglinton Project and the general transit system.
➜ Implemented virtual and physical engagement tactics to get 302 survey responses from a range of demographics.
➜ Documented findings and presented them to the Youth Ambassador team alongside the TTC Annual Service planners.

Builder Lynx | Computer Programmer Trainee (Co-op)   *Toronto, ON* | Sept 2018 - June 2019
➜ Operated on the company's cloud-based system to perform multiple tasks involving data loading and configuration to keep client information up-to-date and accurate.
➜ Communicated with clients through email regarding errors or empty fields encountered while uploading bulks of data to correct any inaccurate information provided and keep clients engaged.
➜ Reviewed large portions of data through multiple checks to ensure the client's data was uploaded correctly.

Islamic Society of Canada | Program Assistant   *Toronto, ON* | 2013 - Present
➜ Setting up and organizing bi-weekly events for 50 attendees to partake in religious practices.
➜ Ensuring the event area is clean and presentable for attendees to maintain professionalism.
➜ Packaging materials and food with a team to be distributed after the event to all attendees.
